Park Studio

Casual, urban, lifestyle, eclectic, modern, simple, informal and comfortable; all of these adjectives describe Park Studio. Linear and geometric with smaller cases for today's living spaces.

The consumer is both young and young at heart. She is ready to make her first furniture purchase and wants something that is special and not overpowering. This consumer will mix pieces with the things she loves in an eclectic style. Organic describes the overall feeling with the mix of finishes and fabrics.

The finish is weathered taupe with grey wash coat to achieve this casual "cerused" finish on quartered white oak and hardwood solids. Ash burl borders accent table tops and select drawer fronts. The custom hardware has campaign elements with the flat back plate and handle pull, but the dark nickel finish is fresh and updated.

The cases are linear and contemporary in structure with flat fronts, bead trim around drawers and a solid base rail with splayed sabre feet and legs. Some traditional elements include overhang tops and heavy moldings.

Bedroom is defined by the upholstered sleigh bed in a durable Sunbrella® fabric that has optional footboard storage. Cases are in space saving sizes with plenty of features for the smaller homes of today. Dining has 3 table options; seating for 8 to 10 around a 42" x 76" leg dining table that extends to 94", a 62" round family style dining table with a lazy susan serving surface that seats 6 to 8 and a small 48" round dining that seats 4 to 5 guests. Chairs are covered in durable Sunbrella® fabric that will maintain its beauty over many years. The dining has 3 unique storage units: two door glass china, a full storage buffet with tons of function and a beautiful bar cabinet with mirror and lights.

The finish shown here has been reproduced as accurately as photographic and printing technologies allow. For the truest representation, please contact your American Drew dealer.*

Care & Cleaning

Care of fine finishes: American Drew finishes are naturally resistant to minor everyday hazards and accidents; however, some precautions are necessary to maintain the beauty of your wood furniture.

- Dust with a soft clean cloth slightly moistened with water, and then dry completely with another clean cloth. Always rub in the direction of the wood grain.
- Avoid cigarettes, hot dishes, moisture and harsh solvents such as nail polish and alcohol.
- Do not place beverages directly on furniture.
- Use pads beneath accessories when writing or eating.
- Remove spills and smudges immediately.
- Pliable materials should not be left on a wood surface; they can damage the finish.
- Furniture should not be placed near heat, outlets, windows, or in direct sunlight.
