# Siesta Sands

Siesta Sands is a casual, up to date tropical style designed to add character to any room. It has been created with size and scale in mind offering options for a perfect fit for many of today's smaller spaces, condos, vacation homes, and apartments.

Crafted of Hardwood Solids and Birch veneers, Siesta Sands features design elements from tropical and coastal influences. Woven raffia provides a subtle mixed-media feature while framed bamboo inspired posts give dimension to the furniture. The white sand finish has soft distressing and gentle rub through marks to keep the feel casual and comfortable.

# Siesta Sands

## 508 SIESTA SANDS BIRCH VENEERS WITH RAFFIA DRAWER FRONTS

Crafted of Hardwood solids and Birch veneers with Raffia drawer fronts with White Sand finish, with distressing and rub through.

*Finishes ordered at different times are not guaranteed to match. Woods have grain and color variations due to growth patterns of each tree. The result is a beautiful and unique piece. Due to these variations, finishes on individual pieces are not guaranteed to match. The finish shown here has been reproduced as accurately as photographic and printing technologies allow. For the truest representation, please contact your American Drew dealer.*

## Care & Cleaning

**Care of fine finishes:** American Drew finishes are naturally resistant to minor everyday hazards and accidents; however, some precautions are necessary to maintain the beauty of your wood furniture.

- Dust with a soft clean cloth slightly moistened with water, and then dry completely with another clean cloth. Always rub in the direction of the wood grain.
- Avoid cigarettes, hot dishes, moisture and harsh solvents such as nail polish and alcohol.
- Do not place beverages directly on furniture.
- Use pads beneath accessories when writing or eating.
- Remove spills and smudges immediately.
- Pliable materials should not be left on a wood surface; they can damage the finish.
- Furniture should not be placed near heat, outlets, windows, or in direct sunlight.
